Subject: Clarification on the case of someone using the company's logo on the website and social media

To The Board of Directors and Managers
of The Stock Exchange of Thailand

According to the news presenters on websites and social media, the Thai headline is “High-yield bonds risk increasing debt, Thai BMA keeps an eye on energy and real estate” and the English headline is “Bond Default and Repayment Deferrals in 2025” along with a picture with the text “Debt default (DP) Jan. – 24 Jun. 2025: In February, WTX defaulted on 1 issue, amounting to 408 million baht, by using the logo of World Flex Public Company Limited (“WFX”) under the name WTX.

The Company would like to clarify that World Flex Public Company Limited (“WFX”) has never issued or offered any debentures.The presentation of the news above using the Company’s logo is therefore incorrect and may confuse those who see it that WFX or WTX has issued debentures and defaulted on the payment.

You can study the debenture issuer information on the websites of the Securities and Exchange Commission and the Thai Bond Market Association.

Therefore, I would like to inform you.

Best regards
