Cookies Notice

When you enter the World Flex Public Company Limited website (https://www.worldflex.net), information about your access to the website and use of the services on the website (hereinafter referred to as "You") will be stored in the form of a cookie by the notice of use. For your privacy, this cookie explains what it is, what it does, why it should be deleted, and how to prevent it from being collected. It is considered that you have given the Company permission to use cookies in line with the Cookie Notice with the following information by using the web.

What are cookies?

Cookies are small files that are used to store information about how a website is used, such as when a link was clicked, which page was visited, and settings. These files are saved to your computer and/or other web-enabled communication devices, such as a laptop, tablet, or smartphone, while you are accessing the website. Cookies won't damage your computer system or communication tools in any way. Your personal information may be gathered in the following circumstances in order to improve your user experience. An online service that confirms your unique characteristic and your safety, including the services you are interested in, recognizes your language identification and tailors usage information to your needs. Besides, cookies are also used to keep track of the amount of the use of online services, personalization of content based on your usage based on past and current usage habits and for publicity purposes.

You can also find more information about cookies. at www.allaboutcookies.org

How does the Company use cookies?

The Company uses cookies and other similar technologies for the following purposes:

1. To make it easier for you to remember information about your browser and preferences, enabling you to access the website continually and improving your usage of the service.
2. To aid in evaluating the efficiency and outcomes of the service provided by the website that is still in use.
3. To gather information about website visits and usage so that the business may determine what users are interested in and how they use its services.
4. To help the business give you a better website-using experience and to help deliver services and advertising that are relevant to your interests.

The cookies used by the Company may be divided into 2 types by storage as follows:

1. **Session Cookies** are temporary cookies to recognize you during your visit to the Company's website, e.g. monitor the language you have set and choose to use and will be deleted from your computer or device when you leave the website or have closed the web browser.

2. **Persistent Cookies** are cookies that stay for a specified period of time set or until you delete them. This type of cookies help Company recognize you and the settings when you use the website again, which will help you access the website service more quickly.

The purposes for using cookies that the Company uses are as follows:

1. Strictly Necessary Cookies.
2. These types of cookies are necessary for the provision of a web services Company to allow you to access different parts of the website. This includes helping to remember information you have previously provided on the website. Disabling these types of cookies will result in you not being able to use the service provided by the Company which requires the use of cookies.
3. Performance Cookies.
4. These types of cookies assist the Company in tracking user interactions with its website services, including popular website pages and areas, as well as in the analysis of other data. Even though the information gathered by this cookie is non-identifiable and can only be used for statistical analysis, the Company also uses this information to enhance the functionality of the website and better understand user behavior. The Company won't be able to determine the number of website visitors or evaluate the level of service if these types of cookies are disabled.
5. Functional Cookies.
6. These types of cookies will assist the Company's website in remembering various settings that you have made and in providing features and extra content that are appropriate for your use, such as assisting in remembering your user account name or remembering changes to settings, font size, or other customizable page settings. The website might not function properly if these cookies are disabled.
7. Targeting Cookies.
8. These types of cookies are created by third-party websites that you have visited and web links to those third-party websites in order to sell goods or services on websites other than the Company's website. Additionally, if you disable these cookies, you will still be able to use the company's website, but you will start to receive offers for goods and services on other websites that are at odds with your preferences.

How will you manage the cookies?

Most browsers are set to accept cookies by default. However, you can refuse the use of it or delete cookies in the settings page of the browser you are using. Modifying your browser settings may affect the layout and usability of the web page. If you wish to modify your settings, you can check more details by following the link that is lined below.
